IMPORTANT REMINDER

Due to the growing number of routines and the increasing length and number of recitals required to accommodate them, we do not include competitive solos, duets, and trios in the annual recital, unless they include graduating seniors. This change has helped us return to a more manageable and reasonable recital schedule.

Whether this is your first audition or you are returning for another season, we hope you leave knowing that you gave your very best. Dance is about continual growth, learning from every experience, and finding joy in the journey.

At Angie's Studio, we are committed to creating an environment where dancers are encouraged, challenged, and celebrated. Our goal is to help every dancer build confidence, develop strong technique, and create lasting memories with teammates who become like family.

Thank you for trusting us to be part of your dancer's journey. We are honored to share in their accomplishments and look forward to another season filled with hard work, laughter, friendships, and unforgettable moments.

**Good luck to everyone auditioning for the Angie's Studio Starz Dance Team!
We are excited for what the 2026–2027 season has in store!**
